Safety Minute—Hazardous Weather Training

Hazardous Weather Training is part of the required training for all direct contact leaders—Den Leaders, Assistant Den Leaders, Scoutmasters, Assistant Scoutmasters, Sea Scout Adult Leaders, and Exploring Advisors. All day camp staff are required to have current Hazardous Weather Training.

If your training is not current (expired) within the last two years, your profile will be marked as Not Trained in your position.

As per the Guide to Safe Scouting, one leader at a minimum must be trained and current in Hazardous Weather Training for all unit types.

SERVE. LEAD. IMPACT.

Impact365 builds character and strengthens communities—one Scout, one project, and one service hour at a time.

Introducing **Impact365: Scouting's New National Service Initiative.**

Scouting has always believed that service is not just what we do—it's who we are. That legacy continues with Impact365, Scouting America's new multi-year national service initiative designed to inspire Scouts, families, and volunteers to make meaningful contributions to their communities every day of the year.

Why Impact365 Matters

Service builds character, strengthens communities, and reflects the heart of Scouting. Through Impact365, we're amplifying what Scouts already do best—help other people at all times and make the world a better place, one project, one hour, and one Scout at a time.

<https://filestore.scouting.org/.../2026-02-02/Impact365.pdf>

Prepared. For Life.®

What Is Impact365?

Impact365 is a unifying platform that shines a spotlight on the service woven into every part of Scouting. Its mission is simple: Encourage Scouts to make a positive impact 365 days a year through local, flexible, community-driven service projects.

Annual Themes

Each year, a national service theme will energize the movement to rally around service. The themes are a guideline, but are certainly not required. Scouts and families will provide service in countless ways, and that's great! The themes will simply help highlight the wide breadth of service that Scouting provides.

Themes for the next few years include:

2026 – America250

2027 – The Environment

2028 – Schools

2029 – Safety

Prepared. For Life.®

2026 Theme: America250

In celebration of our nation's 250th anniversary, every unit is encouraged to complete 250 hours of community service during 2026. Whether through council projects, rank-requirement activities, family service, or simple acts of good turns, every hour counts—and every effort strengthens our communities. Start planning service projects as a council, district, unit, or family and strive for those 250 hours per unit throughout the year!

National Day of Service

As a major service opportunity, Scouting America will host an annual National Day of Service each fall—anchored by Scouting for Food—to bring our movement together in a shared day of giving back. The 2026 National Day of Service will fall on Saturday, November 14, 2026. Details and resources in support of the National Day of Service will be available early Spring.

Prepared. For Life.®

Key Dates

There will be many opportunities to serve throughout the year. A few of them for 2026 include:

February 7: Introduction to Impact365 and the kickoff of the 2026 theme: America250

March: Scouting for Clean Waterways

July 22–31: Jamboree service projects

September 11: 25th Anniversary of 9/11

November 14: Scouting's National Day of Service (Scouting for Food)

How to Participate in Impact365

Impact365 is intentionally flexible—councils, districts, units, and families can design service that fits their local needs and passions.

1. Plan and run local service projects throughout the year that are meaningful for your community.
2. Invite families, alumni, and community partners to join and increase the impact.
3. Log your service hours in Scoutbook, which helps demonstrate our impact.

BOY SCOUTS OF AMERICA®

Sea Scouts Summer Camp!

Sea Scout experts and the Gulf Stream Council in southeast Florida are to put on the council's first-ever [Sea Scout Summer Port](#) from July 5-11. Sea Scouts, Venturers and anyone interested in nautical knowledge are invited to [Tanah Keeta Scout Reservation](#).

This week-long event will cover seamanship skills, boating safety and Sea Scout rank advancement, plus plenty of chances to sail and operate boats.

The event's leadership team has put together a leadership guide (available on the [port's website](#)) along with a group of instructors who will teach attendees seamanship and navigation skills for advancement. Scouts who attend can also earn the Swimming and Lifesaving merit badges in the on-site swimming pool. Trained instructors will also show attendees how to keep an outboard motor running smoothly and help prepare them to later get their boating driver's license. The port will also provide a small fleet of Sunfish sailboats, kayaks and larger boats. The schedule allows for plenty of instruction, time on the water and free time.
